

CHILD/CHILDREN COVER

When a parent becomes ill or injured, their policy assists them, liaising with medical staff, helping with language problems, guaranteeing medical expenses and where necessary organising their return to the UK.

Their policy, subject to approval by the Assistance Company will also pay for an adult e.g. spouse or partner to stay with them or accompany them home to the UK. So, what happens with the children? **This is not covered under a standard insurance.**

The child/children has/have not become ill or had an accident and as such there is no section under a standard policy to provide cover. It is in fact a social problem that is the responsibility of the parents.

We can, however, provide additional cover for this event. The cost would be **double the premium rate** for each child.

This means that in such circumstances where the parent/s becomes ill or incapacitated, we can make appropriate arrangements for them, especially e.g. escorting them home, whilst the normal insurance takes care of the Parent. Given how sensitive children are, especially at such times, we will work with you to try and find the best approach e.g. fly Nanny out to be with them, or an Aunt to take them home, or where there are no family members, we will provide someone to escort them.

If you wish to avail yourself of this cover, we would strongly suggest that you pre-warn the Family Member or friend whom you would wish to be contacted in such an emergency, so that they are prepared and have the appropriate passport and visas etc.

To comply with any legal requirements or Airline regulations, if you wish to avail yourself of this cover, we would ask you to complete the Declaration below, sign it and keep it with you whilst you are on Holiday.

CHILD/CHILDREN COVER LEGAL DECLARATION

I/We..... residing at
